JavaScript (ES6+), TypeScript, React, Node.js, Python, SQL, Git, Docker, AWS

Soft Skills

Leadership, Mentoring, Problem-Solving, Teamwork, Communication

Experience

Senior Software Engineer — TechSolutions Sp. z o.o. (Jan 2018 – Present)

- Lead a team of 5 developers in designing and implementing new features for our flagship SaaS product.
- Architected and developed a microservices-based platform, improving system scalability and reducing latency by 40%.
- Mentored junior developers, conducting regular code reviews and pair programming sessions.
- Collaborated with product managers and designers to define, design, and ship new features.
- Improved CI/CD pipelines, reducing build and deployment times by 30%.

Software Engineer — Innovatech Polska (Mar 2015 – Dec 2017)

- Developed and maintained web applications using React and Node.js, serving over 500,000 monthly active users.
- Designed and implemented RESTful APIs, improving data access and manipulation efficiency.
- Participated in Agile ceremonies, including daily stand-ups, sprint planning, and retrospectives.
- Collaborated with QA engineers to identify and fix bugs, improving overall product quality.
- Contributed to the migration of legacy systems to modern, cloud-based solutions.
