Senior Software Engineer

Experienced software engineer with a strong background in developing scalable web applications. Proficient in various programming languages and frameworks, with a keen eye for detail and a passion for clean, efficient code.

Technical Skills

JavaScript (ES6+), TypeScript, React, Angular, Vue.js, Node.js, Express.js, Python, Django, Flask, SQL, NoSQL databases, AWS, Docker, Kubernetes

Soft Skills

Problem-solving, Team collaboration, Adaptability, Communication, Time management

Experience

Senior Software Engineer — TechSolutions GmbH (Jan 2020 – Present)

- Lead a team of 5 developers in designing and implementing new features for our flagship web application.
- Architect and develop scalable microservices using Node.js and Express.js.
- Mentor junior developers and conduct regular code reviews to ensure best practices.
- Collaborate with product managers and designers to define, design, and ship new features.
- Implement automated testing and continuous integration/continuous deployment (CI/CD) pipelines.

Software Engineer — WebInnovations AG (Mar 2017 – Dec 2019)

- Developed and maintained web applications using React, Redux, and GraphQL.
- Worked closely with backend engineers to integrate APIs and ensure seamless data flow.
- Participated in agile development processes, including daily stand-ups and sprint planning.
- Optimized application performance and resolved bugs to enhance user experience.
- Contributed to the development of a design system to maintain consistency across products.

Education

Master of Science in Computer Science — Technical University of Munich (2016)

Bachelor of Science in Computer Science — Ludwig Maximilian University of Munich (2014)

Languages

English (C1), German (C2), French (B2)
