Leadership, Mentoring, Problem-solving, Adaptability, Communication

Experience

Senior Software Engineer — TechSolutions, Lda. (Jan 2020 – Present)

- Lead a team of 5 developers in designing and implementing new features for our flagship SaaS product.
- Mentor junior team members and conduct regular code reviews to ensure high-quality standards.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Optimize application performance and resolve scalability issues.
- Implement CI/CD pipelines to streamline the development and deployment process.

Full-Stack Developer — WebInnovations, Lda. (Mar 2017 – Dec 2019)

- Developed and maintained web applications using React, Angular, and Node.js.
- Designed and implemented RESTful APIs to support frontend applications.
- Collaborated with UX designers to create intuitive and responsive user interfaces.
- Participated in agile ceremonies, including daily stand-ups, sprint planning, and retrospectives.
- Troubleshoot and debugged applications to ensure optimal performance and user experience.

Junior Developer — CodeCraft, Lda. (Jun 2015 – Feb 2017)

- Assisted in the development of web applications using JavaScript, HTML, and CSS.
- Worked closely with senior developers to learn and adopt best practices.
- Participated in code reviews and contributed to the improvement of existing codebase.
- Assisted in the migration of legacy systems to modern technologies.
