Technical Skills

JavaScript, Python, React, Node.js, SQL, AWS, Docker, Git

Soft Skills

Leadership, Mentorship, Problem-Solving, Communication, Teamwork

Experience

Senior Software Engineer — TechSolutions Argentina (Jan 2020 – Present)

- Led a team of 5 developers in the design and implementation of a new customer management system, resulting in a 30% increase in user satisfaction.
- Developed and maintained web applications using React and Node.js, ensuring high performance and responsiveness.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Mentored junior developers, providing guidance and support in their professional growth.
- Implemented CI/CD pipelines, improving deployment times by 40%.

Software Engineer — Innovatech SA (Mar 2016 – Dec 2019)

- Designed and developed scalable backend services using Python and Django.
- Optimized database queries, reducing response times by 25%.
- Participated in code reviews and pair programming sessions to ensure code quality.
- Worked closely with product managers to define and prioritize features.
- Deployed and managed applications on AWS, ensuring high availability and security.
