Machine Learning Engineer

Machine Learning Engineer with 5+ years of experience in developing and implementing predictive models. Proficient in Python, TensorFlow, and PyTorch. Strong background in data analysis and statistical modeling.

Technical Skills

Python, TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy, SQL, Machine Learning, Deep Learning, Natural Language Processing

Soft Skills

Problem-Solving, Critical Thinking, Teamwork, Communication, Adaptability

Experience

Machine Learning Engineer — Tech Solutions GmbH (Jan 2020 – Present)

- Developed and implemented machine learning models to improve predictive analytics.
- Collaborated with cross-functional teams to integrate models into production systems.
- Optimized model performance using TensorFlow and PyTorch.
- Conducted data analysis and statistical modeling to identify trends and patterns.
- Mentored junior team members in machine learning best practices.

Data Scientist — Data Insights AG (Mar 2017 – Dec 2019)

- Designed and implemented machine learning algorithms to enhance data-driven decision-making.
- Performed exploratory data analysis to uncover insights and inform business strategies.
- Developed predictive models using scikit-learn and other machine learning libraries.
- Collaborated with data engineers to ensure data quality and integrity.
- Presented findings and recommendations to stakeholders and senior management.

Education

Master of Science in Computer Science — Technical University of Munich (2016)

Bachelor of Science in Computer Science — University of Stuttgart (2014)

Languages

English (C2), German (C2), Spanish (B2)
