Full-Stack Engineer

Full-Stack Engineer with 8+ years of experience in designing, developing, and maintaining web applications. Proficient in both front-end and back-end technologies, with a strong focus on creating scalable and efficient solutions. Passionate about leveraging technology to solve complex problems and improve user experiences.

Technical Skills

JavaScript (ES6+), TypeScript, React, Angular, Vue.js, Node.js, Express.js, Python, Django, Flask, Java, Spring Boot, HTML, CSS, SASS, SQL, MongoDB, PostgreSQL, AWS, Azure, Docker, Kubernetes, Git, GitHub, GitLab, Bitbucket

Soft Skills

Problem-solving, Team collaboration, Adaptability, Attention to detail, Effective communication

Experience

Senior Full-Stack Engineer — Tech Solutions Ltd (Jan 2020 – Present)

- Lead a team of 5 developers in designing and implementing new features for a large-scale web application, resulting in a 20% increase in user engagement.
- Architect and develop RESTful APIs using Node.js and Express.js, improving system performance by 40%.
- Mentor junior developers, conduct code reviews, and establish best practices for coding and project management.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Implement CI/CD pipelines using GitHub Actions, reducing deployment time by 50%.

Full-Stack Engineer — Web Innovations Inc (Mar 2017 – Dec 2019)

- Developed and maintained web applications using React, Angular, and Node.js, serving over 1 million users.
- Designed and implemented databases using MongoDB and PostgreSQL, optimizing query performance and reducing load times.
- Worked closely with UX/UI designers to translate wireframes and mockups into functional, responsive web applications.
- Integrated third-party APIs and services, enhancing application functionality and user experience.
- Participated in agile ceremonies, including daily stand-ups, sprint planning, and retrospectives, to ensure project success.

Front-End Developer — Creative Digital Agency (Jun 2015 – Feb 2017)

- Built and maintained responsive web applications using HTML, CSS, and JavaScript.
- Collaborated with back-end developers to integrate user-facing elements with server-side logic.
- Optimized web applications for maximum speed and scalability, resulting in a 25% improvement in page load times.
- Conducted cross-browser testing and debugging to ensure compatibility and functionality across different devices and platforms.
- Worked with project managers and clients to define, design, and ship new features for web applications.

Education

BSc in Computer Science — University of Birmingham (2015)

Languages

English (C2), Spanish (B2)
