Backend Engineer

Backend Engineer with 8+ years of experience in designing, developing, and maintaining high-performance web applications. Proficient in various programming languages and frameworks, with a strong focus on scalability and security. Adept at collaborating with cross-functional teams to deliver high-quality products.

Technical Skills

Python, Java, Node.js, Django, Flask, Express.js, SQL, NoSQL, AWS, Docker, Kubernetes, RESTful APIs, Microservices, CI/CD

Soft Skills

Problem-solving, Teamwork, Communication, Adaptability, Time management

Experience

Senior Backend Engineer — Tech Solutions Ltd (Jan 2020 – Present)

- Lead a team of 5 backend engineers in designing and developing high-performance web applications.
- Architect and implement microservices using Node.js and Express.js, reducing latency by 40%.
- Develop and maintain RESTful APIs, ensuring high security and scalability.
- Collaborate with frontend developers and product managers to define, design, and ship new features.
- Implement CI/CD pipelines using AWS CodePipeline and AWS CodeDeploy, improving deployment efficiency.

Backend Engineer — Innovatech Inc (Mar 2016 – Dec 2019)

- Developed and maintained backend services using Python, Django, and Flask.
- Designed and implemented databases using SQL and NoSQL, optimizing query performance.
- Integrated third-party APIs and services, enhancing application functionality.
- Participated in code reviews and pair programming sessions, ensuring code quality and knowledge sharing.
- Collaborated with DevOps team to deploy and monitor applications using Docker and Kubernetes.

Junior Backend Engineer — Web Developers (Jun 2014 – Feb 2016)

- Assisted in developing and maintaining backend services using Java and Spring Boot.
- Implemented and tested RESTful APIs, ensuring high performance and reliability.
- Participated in agile development processes, including daily stand-ups and sprint planning.
- Troubleshoot and debugged issues, providing timely resolutions.
- Collaborated with frontend developers to integrate user-facing elements with server-side logic.

Education

Master of Science in Computer Science — University of London (2014)

Bachelor of Science in Computer Science — University of Manchester (2013)

Languages

English (C2), French (B2), Spanish (A2)
