Data Scientist

Data Scientist with 5+ years of experience in machine learning, data analysis, and predictive modeling. Proven track record of driving business insights and improvements through data-driven decision making. Adept at communicating complex findings to both technical and non-technical stakeholders.

Technical Skills

Python (Pandas, NumPy, Scikit-learn, TensorFlow), R, SQL, Tableau, Power BI, Machine Learning, Deep Learning, Natural Language Processing, Statistical Analysis, Data Visualization

Soft Skills

Problem-Solving, Critical Thinking, Communication, Teamwork, Adaptability

Experience

Data Scientist — Tech Solutions S.A. (Jan 2020 – Present)

- Developed and implemented machine learning models to improve customer segmentation and targeting, resulting in a 20% increase in conversion rate.
- Collaborated with cross-functional teams to identify business opportunities and drive data-driven decision making.
- Built and maintained data pipelines to ensure data quality and availability for analysis.
- Created interactive dashboards and visualizations using Tableau and Power BI to communicate insights to stakeholders.
- Mentored junior data scientists and conducted code reviews to ensure best practices and standards.

Data Analyst — Data Insights Ltd. (Mar 2017 – Dec 2019)

- Performed exploratory data analysis to uncover trends, patterns, and insights that informed business strategies.
- Developed and maintained SQL queries and stored procedures to extract and transform data from various sources.
- Created automated reports and dashboards to track key performance indicators (KPIs) and monitor business metrics.
- Conducted A/B testing and statistical analysis to evaluate the impact of business decisions and initiatives.
- Collaborated with data engineers to optimize data models and improve data quality.

Education

MSc in Data Science — University of Porto (2017)

BSc in Statistics — University of Lisbon (2015)

Languages

Portuguese (C2), Spanish (B2), English (C1), French (A2)
