Computer Vision Engineer

Computer Vision Engineer with 5+ years of experience in developing and implementing cutting-edge computer vision solutions. Proficient in machine learning, deep learning, and image processing techniques. Strong background in software development and a passion for leveraging technology to solve real-world problems.

Technical Skills

Python, C++, OpenCV, TensorFlow, PyTorch, Keras, Scikit-learn, Pandas, NumPy, Matplotlib, Git, Docker, Linux

Soft Skills

Problem-solving, Attention to detail, Teamwork, Communication, Adaptability

Experience

Computer Vision Engineer — Tech Solutions Inc (Jan 2020 – Present)

- Developed and implemented computer vision algorithms for object detection and tracking in real-time video streams.
- Utilized deep learning frameworks such as TensorFlow and PyTorch to train and deploy neural networks for image classification.
- Collaborated with a team of software engineers and data scientists to integrate computer vision models into existing software applications.
- Optimized computer vision algorithms for performance and accuracy, resulting in a 20% improvement in processing speed.
- Conducted research and stayed up-to-date with the latest advancements in computer vision and machine learning technologies.

Research Assistant — University of Porto (Sep 2017 – Dec 2019)

- Assisted in conducting research on computer vision and machine learning techniques for medical image analysis.
- Developed and implemented image processing algorithms for segmenting and classifying anatomical structures in medical images.
- Collaborated with a team of researchers to publish findings in peer-reviewed journals and present at international conferences.
- Utilized machine learning algorithms to analyze and interpret large datasets of medical images.
- Conducted experiments and collected data to evaluate the performance of computer vision models in various applications.

Education

Master of Science in Computer Science — University of Porto (2017)

Bachelor of Science in Computer Science — University of Coimbra (2015)

Languages

Portuguese (C2), English (C1), Spanish (B2)
